| **Slow first load** | Every visit starts in a browser tab, so shoppers wait before they see a product. |
| **No place on the home screen** | Once the tab closes, the only way back is a search or another paid ad. |
| **No direct line** | Restocks and offers go to email, where most of them are never opened. |
| **Checkout from scratch** | Addresses and card details are typed again on a small screen. |
